Defibuary

When someone goes into cardiac arrest, their heart goes into a life threatening rhythm. Without early intervention of Cardiopulmonary Resuscitation (also known as CPR) and defibrillation, a patient's chance of surviving decreases by 10% every minute. To raise public awareness about defibrillators, throughout February we held our annual Twitter #Defibuary Campaign. We encouraged staff, volunteers and the public to tweet us selfies with new defibrillators locations. We would like to say a massive thank you to everyone who got involved submitting 187 selfies. As a result 39 Defibs in unregistered locations have now been added onto our database for our 999 colleagues and available for the public on the NHS Direct Wales website. Thank you also to our partners for their kind generosity for offering fantastic prizes for the best selfies. To view all the tweets, visit @WelshAmbPIH and search #Defibuary.

Awareness of Choking

Following a story we captured from Simon, a soft play centre employee who helped a 13 month old child who was choking, we want to continue raising awareness about how to help someone who is choking. Paramedics were keen to praise Simon's actions in knowing what to do, as he saved the child's life. To watch Simons story, visit our YouTube Channel www.youtube.com/welshambulance.

To learn more about how to help someone who is choking visit:

- St John Ambulance www.sja.org.uk 'The Chokables' video demonstrating how to help a baby that is choking.
- Welsh Ambulance Services first aid video www.youtube.com/welshambulance
- Information on choking is also available via the NHS Direct Wales website: www.nhsdirect.wales.nhs.uk

Defibuary

Pan fydd rhywun yn mynd i ataliad y galon, mae eu calon yn mynd i rythm sy'n bygwth bywyd. Heb ymyrraeth gynnar o Dadebru Cardiopulmonar (a elwir hefyd yn CPR) a difibriliad, mae siawns claf o oroesi yn gostwng o 10% bob munud. Er mwyn codi ymwybyddiaeth y cyhoedd am ddifibrilwyr, ym mis Chwefror cynhaliwyd ein hymgyrch Twitter blynyddol sef #Defibuary. Fe wnaethom annog staff, gwirfoddolwyr a'r cyhoedd i drydar 'selfies' i ni gyda lleoliadau difibrilwyr newydd. Hoffem ddweud diolch anferth i bawb a gymerodd ran i gyflwyno 187 o luniau. O ganlyniad, mae 39 defibrilwyr mewn lleoliadau anghofrestredig bellach wedi'u hychwanegu at ein cronfa ddata ar gyfer ein cydweithwyr 999 ac ar gael i'r cyhoedd ar wefan Galw Iechyd Cymru. Diolch hefyd i'n partneriaid am eu haelioni caredig am gynnig gwobrau

gwych ar gyfer y ‘selfies’ gorau. I weld yr holl tweets, ewch i @WelshAmbPIH a chwilio #Defibuary.

Ymwybyddiaeth o dagu

Yn dilyn stori a gawsom gan Simon, gweithiwr canolfan chwarae meddal a helpodd blentyn 13 mis oed oedd yn tagu, rydym am barhau i godi ymwybyddiaeth ynghylch sut i helpu rhywun sy'n tagu. Roedd parafeddygon yn awyddus i ganmol gweithredoedd Simon wrth wybod beth i'w wneud, gan iddo achub bywyd y plentyn. I wylio stori Simon, ewch i'n sianel YouTube www.youtube.com/welshambulance.

I ddysgu mwy am sut i helpu rhywun sy’n tagu, ewch i:
